ADVANTAGES OF ASSOCIATED MEMBERSHIP

Companies that cannot become voting BVI members due to our articles of association can nevertheless become associated members. Law firms, banks, IT providers, consultants, etc. make use of this option.

As an associated member, you benefit from the following services:

EVENTS

Use our established platforms to exchange information and network across the industry.

Facts, Funds and Food: We are offering you this series of events as a platform for presentations and talks. We organise the events and invite all members – you present your topic.

Member discount: You receive member conditions for our elementary and specialist seminars and conferences.

BVI kompakt: Our specialist event “BVI kompakt – Das Wichtigste aus erster Hand” is in particularly high demand, providing both voting and associated members – free of charge – with a focused update on current regulatory issues.

For further information on current BVI events, please go to:
www.bvi.de/en/events

SPONSORSHIPS OPPORTUNITIES TO ENHANCE YOUR PROFILE

Book attractive sponsorship packages to highlight your company at our conferences, e.g. by having your own stand at the Asset Management Conference or the Fund Operations Conference.

You will also have the option of giving a presentation or talk at the Fund Operations Conference. You would receive a sizable discount on the sponsorship packages, compared to non-members.

For more information on sponsorships, please send an email to: seminar@bvi.de

BVI DIRECT

Get up-to-date and targeted information on fund regulation, financial policy, and the fund industry. Exclusively by email to our members, with individual selection of categories.

EXTRANET

On that part of our website that is reserved for our members, all your staff have access to:

- internal BVI circulars
- comprehensive statistics
- templates for contract terms and sales prospectuses
- presentations from BVI seminars ... and much more

STATISTICS REQUESTS

Use our comprehensive data pool for individual search requests – fast and easy!

The BVI statistics provide hard-and-fast facts – views that go beyond the coverage of the publications released by other organisations.

Foreign fund companies form an integral part of our market overviews. As BVI's membership is steadily growing, the coverage of the BVI statistics is growing with it.

What we offer:

- individually selectable filters,
- individually selectable levels of aggregation and
- export to other formats for further processing.

For more information on the BVI statistics, please send an email to: statistik@bvi.de
